---

In a world that is becoming increasingly invasive and litigious, the individual needs the tools to defend themselves against intrusions to their privacy while minimizing exposure to liability from governments and other powerful entities. The Incognito Project attempts to address this need and hopefully can help serve to restore the rightful freedoms that have slowly eroded over the years in many nations, and often never existed in many others. While having a political objective, the purpose of this project is far more pragmatic. It is simply to get the tools into the hands of individuals that help preserve their rightful freedoms, and in a form that is easy to use by the average freedom lover.

## 1 Overview

The objective of the Incognito Project is to produce an easy to use distribution including as many of the relevant tools advancing privacy, anonymity and security as is practical, as well as documenting how to use it, how to recreate it, and how to improve upon it.

The Incognito distribution is minimalist distribution based on Ubuntu linux, enhanced with tools which advance privacy, anonymity and free trade in a secure environment.

## 2 Applications

### 2.1 What it Includes

Applications above those installed as standard with Linux are listed below. The descriptions come from the home page or about of the respective applications.

#### APPLICATIONS INCLUDED

##### Bitcoin

Bitcoin is a peer to peer virtual currency.

##### CryptoCat

Converse with your friends, partners and co-workers in privately and securely, in an instant messaging environment that offers encryption without sacrificing accessibility.

##### Firefox

The Firefox browser is created by Mozilla, a non-profit organization whose mission is to promote openness, innovation and opportunity on the Web.

##### Firestarter

A graphical interfaced Open Source firewall for Linux.

##### I2P

I2P is an anonymizing network, offering a simple layer that identity-sensitive applications can use to securely communicate. All data is wrapped with several layers of encryption, and the network is both distributed and dynamic, with no trusted parties.

##### KeePassX

KeePassX is an application for people with extremely high demands on secure personal data management.

##### Open JDK

The primary goal of the OpenJDK project is to produce an open-source implementation of the Java SE 6 Platform. Java is required by I2P and if installed, Freenet. There may be licensing issues with pre-installing Sun Java, although both I2P and Freenet recommend Sun Java.

##### Osiris Serverless Portal

Software for decentralized portal, managed and shared via P2P between members.

##### Pidgin

Pidgin is an easy to use and free chat client used by millions. Connect to AIM, MSN, Yahoo, and more chat networks all at once.

**Privoxy**

Privoxy is a non-caching web proxy with advanced filtering capabilities for enhancing privacy, modifying web page data and HTTP headers, controlling access, and removing ads and other obnoxious Internet junk. Privoxy is used by Tor and I2P and has been pre-configured to appropriately forward to the respective services.

**Tor / Vidalia**

Tor is free software and an open network that helps you defend against a form of network surveillance that threatens personal freedom and privacy, confidential business activities and relationships, and state security known as traffic analysis.

**TrueCrypt**

Free open-source disk encryption software for Windows 7/Vista/XP, Mac OS X, and Linux

## 2.2 What is not Included

For various technical reasons, a some relevant applications could not be included in this distribution. Links are provided in the menus for information about and the ability to download these applications.

### APPLICATIONS NOT INCLUDED

**Freenet**

Share files, chat on forums, browse and publish, anonymously and without fear of blocking or censorship!

This was not included both because it does not set up well as a system application and

**Stealthnet**

StealthNet is based on the original RShare client and has been enhanced by a developer team who consists of Planet Peer community members. In comparison with the current RShare client StealthNet offers a lot of new features like download resuming (interrupted downloads can be resumed), multilanguage support, a search filter for several file types and much more.

This was not included because the Linux port must be run under Mono (Linux port of Windows with a full GUI interface).

**Diaspora**

Share what you want, with whom you want.

Not included due to lack of maturity.

**Statusnet**

StatusNet is the world's leading Open Source social software. Its OnDemand and OnPremise options power collaboration for small teams and global corporations. Not included due to lack of maturity.

## 3 Using the Distribution

The Incognito distribution may be run as a LiveCD, burned and installed in the traditional manner from a CD, or run / installed to a virtual environment such as VirtualBox.

### 4.3 Building the Distribution

Below are instructions for building a custom secure Linux distribution containing a minimal OS, security features and applications. The instructions begin with the installation of Linux. If the desired platform is a virtual environment such as VirtualBox or VMWare, these tools must be installed first on the host system. See above for using VirtualBox or another VM for creating the distribution.

#### **Download Ubuntu 12.04 Server**

Note: The bittorrent download is generally the fastest way to download.

**Virtual machine settings for VirtualBox** Name: SecureVM Operating System: Linux Version: Ubuntu Memory: 512MB (Minimum, use more if available) Check "Boot Hard Drive" Select "Create new hard drive" Storage Type: Dynamic expanding storage Location: SecureVM (default) Size: 8.00GB

**Settings** Select Settings for the Virtual Machine Select Storage Add a new attachment Add CD/DVD device Choose Disk Navigate to location of Ubuntu 11.04 Server ISO file Start VM

**Install minimal Ubuntu 11.04 server** Select language Select F4 and select "Install a minimal system" Select language Select Country Detect Keyboard (usually no) Select country of origin Select keyboard layout Enter host name (agorist-dev) Select time zone Select partitioning method: Guided - use entire disk Select disk partition: only one partition should exist under a VM Write changes to disk: Yes Full name for the new user: Agorist Username for your account: agorist Password: Pick a password Re-enter password if prompted for "Use weak password" select yes or enter a stronger password Encrypt your home directory: No Enter proxy information if necessary (usually not necessary on a VM). Select "No automatic updates" Choose software to install: Do not select any software, just continue Install the GRUB boot loader...: Yes Installation complete: Select continue When rebooting, power off machine

#### **Install basic packages**

Login with user name and password specified at install Install packages as follows:

---

sudo apt-get update sudo apt-get install -y xorg sudo apt-get install -y gnome-core --no-install-recommends sudo apt-get install -y gdm ubuntu-artwork compiz-gnome firefox sudo reboot

### Resume installation from GUI environment

Select the user created at installation (Agorist) From the status bar select "Ubuntu Classic (No Effects)" Note: this is temporary until all software catches up. Enter password Select Applications | Accessories | Terminal

**Change the root password** sudo su passwd <Set the password for root to be the same as the local user> exit

**Install some basic system utilities** sudo apt-get install -y synaptic alacarte firestarter xdg-utils sudo apt-get install -y update-manager sudo apt-get update --fix-missing sudo apt-get install -y update-manager Not sure why the last two steps are needed, but does not work otherwise.

**Install prerequisites for applications** sudo apt-get install -y privoxy openjdk-6-jre

**Install Tor and Vidalia** sudo apt-get install -y tor vidalia

**Install I2P** sudo apt-add-repository ppa:i2p-maintainers/i2p sudo apt-get update sudo apt-get install -y i2p

3. **License Grant.** Subject to the terms and conditions of this License, Licensor hereby grants You a worldwide, royalty-free, non-exclusive, perpetual (for the duration of the applicable copyright) license to exercise the rights in the Work as stated below:
- a. to Reproduce the Work, to incorporate the Work into one or more Collections, and to Reproduce the Work as incorporated in the Collections;
  - b. to create and Reproduce Adaptations provided that any such Adaptation, including any translation in any medium, takes reasonable steps to clearly label, demarcate or otherwise identify that changes were made to the original Work. For example, a translation could be marked "The original work was translated from English to Spanish," or a modification could indicate "The original work has been modified.";
  - c. to Distribute and Publicly Perform the Work including as incorporated in Collections; and,
  - d. to Distribute and Publicly Perform Adaptations.
  - e. For the avoidance of doubt:
    - i. **Non-waivable Compulsory License Schemes.** In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme cannot be waived, the Licensor reserves the exclusive right to collect such royalties for any exercise by You of the rights granted under this License;
    - ii. **Waivable Compulsory License Schemes.** In those jurisdictions in which the right to collect royalties through any statutory or compulsory licensing scheme can be waived, the Licensor waives the exclusive right to collect such royalties for any exercise by You of the rights granted under this License; and,
    - iii. **Voluntary License Schemes.** The Licensor waives the right to collect royalties, whether individually or, in the event that the Licensor is a member of a collecting society that administers voluntary licensing schemes, via that society, from any exercise by You of the rights granted under this License.

The above rights may be exercised in all media and formats whether now known or hereafter devised. The above rights include the right to make such modifications as are technically necessary to exercise the rights in other media and formats. Subject to Section 8(f), all rights not expressly granted by Licensor are hereby reserved.

4. **Restrictions.** The license granted in Section 3 above is expressly made subject to and limited by the following restrictions:
- a. You may Distribute or Publicly Perform the Work only under the terms of this License. You must include a copy of, or the Uniform Resource Identifier (URI) for, this License with every copy of the Work You Distribute or Publicly Perform. You may not offer or impose any terms on the Work that restrict the terms of this License or the ability of the recipient of the Work to exercise the rights granted to that recipient under the terms of the License. You may not sublicense the Work. You must keep intact all notices that refer to this License and to the disclaimer of warranties with every copy of the Work You Distribute or Publicly Perform. When You Distribute or Publicly Perform the Work, You may not impose any effective technological measures on the Work that restrict the ability of a recipient of the Work from You to exercise the rights granted to that recipient under the terms of the License. This Section 4(a) applies to the Work as incorporated in a Collection, but this does not require the Collection apart from the Work itself to be made subject to the terms of this License. If You create a Collection, upon notice from any Licensor You must, to the extent practicable, remove from the Collection any credit as required by Section 4(c), as requested. If You create an Adaptation, upon notice from any Licensor You must, to the extent practicable, remove from the Adaptation any credit as required by Section 4(c), as requested.
  - b. You may Distribute or Publicly Perform an Adaptation only under the terms of: (i) this License; (ii) a later version of this License with the same License Elements as this License; (iii) a Creative Commons jurisdiction license (either this or a later license version) that contains the same License Elements as this License (e.g., Attribution-ShareAlike 3.0 US); (iv) a Creative Commons Compatible License. If you license the Adaptation under one of the licenses mentioned in (iv), you must comply with the terms of that license. If you license the Adaptation under the terms of any of the licenses mentioned in (i), (ii) or (iii) (the "Applicable License"), you must comply with the terms of the Applicable License generally and the following provisions: (I) You must include a copy of, or the URI for, the Applicable License with every copy of each Adaptation You Distribute or Publicly Perform; (II) You may not offer or impose any terms on the Adaptation that restrict the terms of the Applicable License or the ability of the recipient of the Adaptation to exercise the rights granted to that recipient under the terms of the Applicable License; (III) You

must keep intact all notices that refer to the Applicable License and to the disclaimer of warranties with every copy of the Work as included in the Adaptation You Distribute or Publicly Perform; (IV) when You Distribute or Publicly Perform the Adaptation, You may not impose any effective technological measures on the Adaptation that restrict the ability of a recipient of the Adaptation from You to exercise the rights granted to that recipient under the terms of the Applicable License. This Section 4(b) applies to the Adaptation as incorporated in a Collection, but this does not require the Collection apart from the Adaptation itself to be made subject to the terms of the Applicable License.

- c. If You Distribute, or Publicly Perform the Work or any Adaptations or Collections, You must, unless a request has been made pursuant to Section 4(a), keep intact all copyright notices for the Work and provide, reasonable to the medium or means You are utilizing: (i) the name of the Original Author (or pseudonym, if applicable) if supplied, and/or if the Original Author and/or Licensor designate another party or parties (e.g., a sponsor institute, publishing entity, journal) for attribution ("Attribution Parties") in Licensor's copyright notice, terms of service or by other reasonable means, the name of such party or parties; (ii) the title of the Work if supplied; (iii) to the extent reasonably practicable, the URI, if any, that Licensor specifies to be associated with the Work, unless such URI does not refer to the copyright notice or licensing information for the Work; and (iv) , consistent with Section 3(b), in the case of an Adaptation, a credit identifying the use of the Work in the Adaptation (e.g., "French translation of the Work by Original Author," or "Screenplay based on original Work by Original Author"). The credit required by this Section 4(c) may be implemented in any reasonable manner; provided, however, that in the case of a Adaptation or Collection, at a minimum such credit will appear, if a credit for all contributing authors of the Adaptation or Collection appears, then as part of these credits and in a manner at least as prominent as the credits for the other contributing authors. For the avoidance of doubt, You may only use the credit required by this Section for the purpose of attribution in the manner set out above and, by exercising Your rights under this License, You may not implicitly or explicitly assert or imply any connection with, sponsorship or endorsement by the Original Author, Licensor and/or Attribution Parties, as appropriate, of You or Your use of the Work, without the separate, express prior written permission of the Original Author, Licensor and/or Attribution Parties.
  - d. Except as otherwise agreed in writing by the Licensor or as may be otherwise permitted by applicable law, if You Reproduce, Distribute or Publicly Perform the Work either by itself or as part of any Adaptations or Collections, You must not distort, mutilate, modify or take other derogatory action in relation to the Work which would be prejudicial to the Original Author's honor or reputation. Licensor agrees that in those jurisdictions (e.g. Japan), in which any exercise of the right granted in Section 3(b) of this License (the right to make Adaptations) would be deemed to be a distortion, mutilation, modification or other derogatory action prejudicial to the Original Author's honor and reputation, the Licensor will waive or not assert, as appropriate, this Section, to the fullest extent permitted by the applicable national law, to enable You to reasonably exercise Your right under Section 3(b) of this License (right to make Adaptations) but not otherwise.
5. **Representations, Warranties and Disclaimer** UNLESS OTHERWISE MUTUALLY AGREED TO BY THE PARTIES IN WRITING, LICENSOR OFFERS THE WORK AS-IS AND MAKES NO REPRESENTATIONS OR WARRANTIES OF ANY KIND CONCERNING THE WORK, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF TITLE, MERCHANTIBILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR THE ABSENCE OF LATENT OR OTHER DEFECTS, ACCURACY, OR THE PRESENCE OF ABSENCE OF ERRORS, WHETHER OR NOT DISCOVERABLE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO SUCH EXCLUSION MAY NOT APPLY TO YOU.
6. **Limitation on Liability.** EXCEPT TO THE EXTENT REQUIRED BY APPLICABLE LAW, IN NO EVENT WILL LICENSOR BE LIABLE TO YOU ON ANY LEGAL THEORY FOR ANY SPECIAL, INCIDENTAL, CONSEQUENTIAL, PUNITIVE OR EXEMPLARY DAMAGES ARISING OUT OF THIS LICENSE OR THE USE OF THE WORK, EVEN IF LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

## 7. Termination

- a. This License and the rights granted hereunder will terminate automatically upon any breach by You of the terms of this License. Individuals or entities who have received Adaptations or Collections from You under this License, however, will not have their licenses terminated provided such individuals or entities remain in full compliance with those licenses. Sections 1, 2, 5, 6, 7, and 8 will survive any termination of this License.
- b. Subject to the above terms and conditions, the license granted here is perpetual (for the duration of the applicable copyright in the Work). Notwithstanding the above, Licensor reserves the right to release the Work under different license terms or to stop distributing the Work at any time; provided, however that any such election will not serve to withdraw this License (or any other license that has been, or is required to be, granted under the terms of this License), and this License will continue in full force and effect unless terminated as stated above.

**8. Miscellaneous**

- a. Each time You Distribute or Publicly Perform the Work or a Collection, the Licensor offers to the recipient a license to the Work on the same terms and conditions as the license granted to You under this License.
  - b. Each time You Distribute or Publicly Perform an Adaptation, Licensor offers to the recipient a license to the original Work on the same terms and conditions as the license granted to You under this License.
  - c. If any provision of this License is invalid or unenforceable under applicable law, it shall not affect the validity or enforceability of the remainder of the terms of this License, and without further action by the parties to this agreement, such provision shall be reformed to the minimum extent necessary to make such provision valid and enforceable. No term or provision of this License shall be deemed waived and no breach consented to unless such waiver or consent shall be in writing and signed by the party to be charged with such waiver or consent.
  - d. This License constitutes the entire agreement between the parties with respect to the Work licensed here. There are no understandings, agreements or representations with respect to the Work not specified here. Licensor shall not be bound by any additional provisions that may appear in any communication from You. This License may not be modified without the mutual written agreement of the Licensor and You.
  - e. The rights granted under, and the subject matter referenced, in this License were drafted utilizing the terminology of the Berne Convention for the Protection of Literary and Artistic Works (as amended on September 28, 1979), the Rome Convention of 1961, the WIPO Copyright Treaty of 1996, the WIPO Performances and Phonograms Treaty of 1996 and the Universal Copyright Convention (as revised on July 24, 1971). These rights and subject matter take effect in the relevant jurisdiction in which the License terms are sought to be enforced according to the corresponding provisions of the implementation of those treaty provisions in the applicable national law. If the standard suite of rights granted under applicable copyright law includes additional rights not granted under this License, such additional rights are deemed to be included in the License; this License is not intended to restrict the license of any rights under applicable law.
-
